Subject: EXPLO Meeting on 8/1/13
Date: Monday, July 01, 2013 2:38:56 PM

Good Afternoon everyone,

After much coordination, we have arrived on a date for our meeting to discuss EXPLO Systems. On August 1, we will all meet at LSP headquarters in Baton Rouge, LA. Lt. Porter, can you please forward me the adress? I would like to propose 9:00 am as a time, unless I have any objections from the participants.

Also, on the table was inviting DOD/US ARMY to participate (potentially at a subsequent meeting in the afternoon? 2:00 for example?). Please let me know what your agency feels about this option as I would like to forward them the invitation to allow for travel arrangements. Personally, I think the presence of DOD/US ARMY could be beneficial; however, I would like the opportunity to discuss the current situation and answer questions at the morning meeting, prior to their involvement. Two meetings could pose a problem for scheduling, so I welcome the input of our state partners.

I will forward some proposed agenda topics, but I would also welcome any input you may have on topics you wish to discuss or questions you want answered. Personally, I want to come prepared with the information you require rather than have to get back with answers at a later time.

I look forward to seeing everyone and receiving your input.

Thank you.
